We're just a stone's throw from the Thompson Covered Bridge and near the other covered bridges of Cheshire County for which the inn is named. You'll find plenty to do in the area such as biking, hiking, golfing, skiing, lakes/recreation, arts and culture, museums and historical sites, antiques, auction houses, various places to dine, and (of course) covered bridges.

From the traffic circle at Routes 10/12/101 in Keene:

Take Route 10 South toward Winchester.

Continue for four miles, pass the blue "Whitcomb House Bed & Breakfast" sign (on your right) and take the first left onto California Street.

Go through the Thompson Covered Bridge and you'll be on Main Street. The inn is located on the left, five houses past the covered bridge.
